Using the Multi-Use PTT18

To get the best audio quality while talking with PTT18, be aware that the microphone of the PTT shows in the direction of the mouth (1). With the help of the clip (2), stabilize it on the collar, lapel or on the pocket of the overall. Please see the picture below.

For talking, please push the PTT-Button (4) continuously. When finished the talk just release the PTT-Button (4), then the microphone is on mute. Activate the VOX function by elevating the PTT (4).

The PTT18 allows also to adapt a remote finger PTT with 2.5 mm Mono Connector. Therefore there is installed a 2.5 mm Mono Socket (5) at the bottom of the PTT18.

Features of the PTT18

- (1) Microphone
- (2) Clip (on the back side)
- (3) 3.5 mm Audio Jack
- (4) Push-To-Talk Button incl. VOX
