

Intelligent Solutions For Your Success

Choose BATSTAR!

BATSTAR is a German specialist for high performance battery packs, audio solutions and professional mobile radios. With sixteen years of experience in developing and manufacturing professional battery packs, charging devices and audio equipment, we can offer a great range of products in the field of communication.

Clever ideas and quality management are our main focus, to challenge the valuation of suitability. Our ongoing mission is to develop and optimize our products to the best-fit solution that meets the customer's needs. We are always looking for new opportunities to implement your ideas.

We have the ambition to produce, offer and deliver high quality products, just in time with a fair value, to meet the client requirements. Before delivering our products, the goods have to get through a detailed quality control to get the seal of BATSTAR guarantee.

With a first-class service, which is our qualified and motivated sales team, we serve customers all over the world. The BATSTAR-Team knows more than just a part number of the product you are looking for. If you have any specific question or you want to place an order, please contact us for individual expert advice.

Acoustic Tube - Professional Audio Solution

The Acoustic Tube is one of BATSTAR's most used audio solution worldwide. It is discreet, easy, extremely lightweight and provides a high wearing comfort.

Its transparent acoustic tube style fits every outfit and for a secured position it has a 240° revolving clip, which can be fixed at the user's clothing.

All parts of these Wire Kits are easy exchangeable and are available in different versions to meet the need of multiple users every day. Some articles of our product range are listed below.

- BATSTAR Acoustic Tube „30 Standard“
- discreet and easy
- changeable speaker
- „easy plug on tube“
- all parts exchangeable
- receives superior sound

- BATSTAR Acoustic Tube „35 Silver“
- discreet and easy
- „easy plug on tube“
- reinforced earphone clip
- industrial jacketed cable

- BATSTAR Acoustic Tube „39 Gold“
- discreet and easy
- changeable speaker
- „easy twist on tube“
- reinforced earphone clip
- industrial jacketed cable

- BATSTAR Acoustic Tube „40 Platin“
- discreet and easy
- changeable speaker
- „easy screw on tube“
- reinforced earphone clip
- industrial jacketed cable

The Comfort-Headband is available in 2 sizes - S and L. It can be adjusted in 8 steps to provide a comfortable use for all users. The soft and flexible headband pads can be replaced for hygienic purposes.

A water protected, noise cancelling microphone element provides a clear audio and voice quality. It is suitable for frozen storage areas up to - 40°C.

The industrial jacketed cable and the internal strengthening at each end provide a safe use and a maximum lifetime in the field.

The microphone boom allows a 280° rotation for both - left and right hander - and can be adjust easily with one hand while wearing it.

Did you already see our tutorial about repairing the Overhead Comfort-Headset? 

How To Replace Broken Parts Of The Overhead Comfort-Headset

Behind-The-Head Headset

The Behind-The-Head Headset is designed really flat and lightweight - about 50 g - and provides a high wearing comfort. The headset has the IP-safety class 54 and can be used in frozen storage areas.

An adjustable headband (14 steps) makes the Behind-The-Head Headset suitable for multiple users in various environments. The headset is also comfortable together with a helmet!

The microphone boom can be adjusted very easily and has a water protected, noise cancelling microphone element, receiving superior audio quality.

D-Shape Headset

With only 20 g the D-Shape Headset is suitable for long time use due to its rubber ear loop which prevents slipping around the ear.

The gooseneck microphone boom can be bend and rotated to meet the users maximum comfort.

A high quality speaker element provides excellent transmitted sound for industrial or private communication.

C-Shape Headset

Adjustable ear-piece, made out of soft and flexible material suits users from small to large size ears, due to its C-shaped form. The large ear-pad provides even more comfort to the ears.

The water protected microphone element with professional noise cancelling function, is suitable for an operating temperature of - 40 to +80 °C and provides superior sound for an excellent communication.

An adjustable and flexible mic boom allows a 280° rotation for the use on the right or left ear, always keeping the user's most comfortable position.

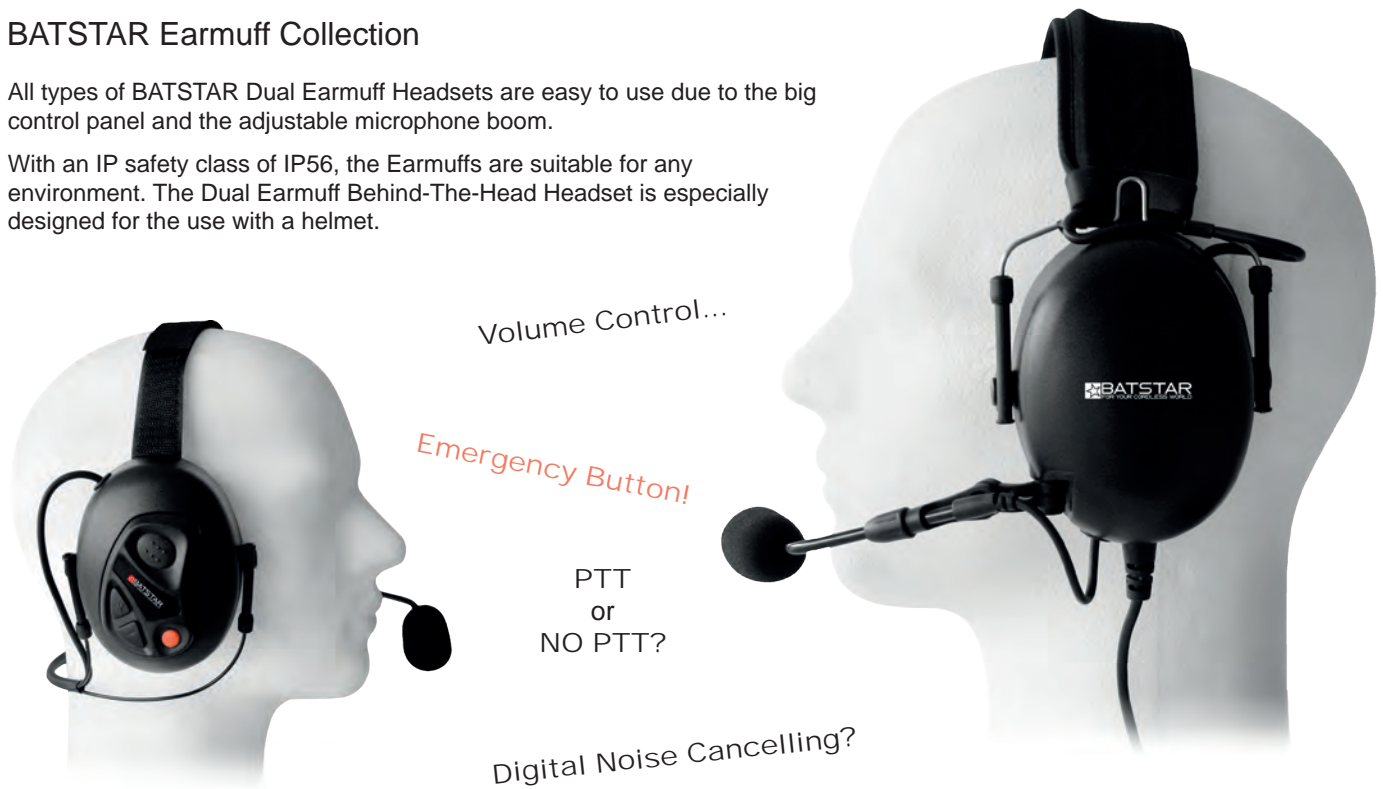

The C-Shape Headset is exclusive designed for an easy handling in industrial environments. Due to the BATSTAR „Easy Repair“-System broken parts can easily and fast be replaced.

BATSTAR Earmuff Collection

All types of BATSTAR Dual Earmuff Headsets are easy to use due to the big control panel and the adjustable microphone boom.

With an IP safety class of IP56, the Earmuffs are suitable for any environment. The Dual Earmuff Behind-The-Head Headset is especially designed for the use with a helmet.

¹Digital Noise Cancelling Microphone has an integrated digital signal processor to eliminate the noise waveform effectively.

²The programmable Button is preset as an Emergency Button as long as no other requirement is given.

Flex Earmuff Headset inclusive PTT & Noise Cancelling Microphone

Find the connector for your solution in our overview starting on page 36. Do you already know the Intercom system from Kenwood, the WD-Series? Why don't you use it with our Flex Headset and Adaptercable (5 6001 00 4 0204)?

WD-K10TR (Transceiver) WD-K10PBS (Portable Base)

part number	description	
5 8810 01 0 6009	to 5-pin Socket for Mini XLR Connector (5 XXXX XX X 6009)	

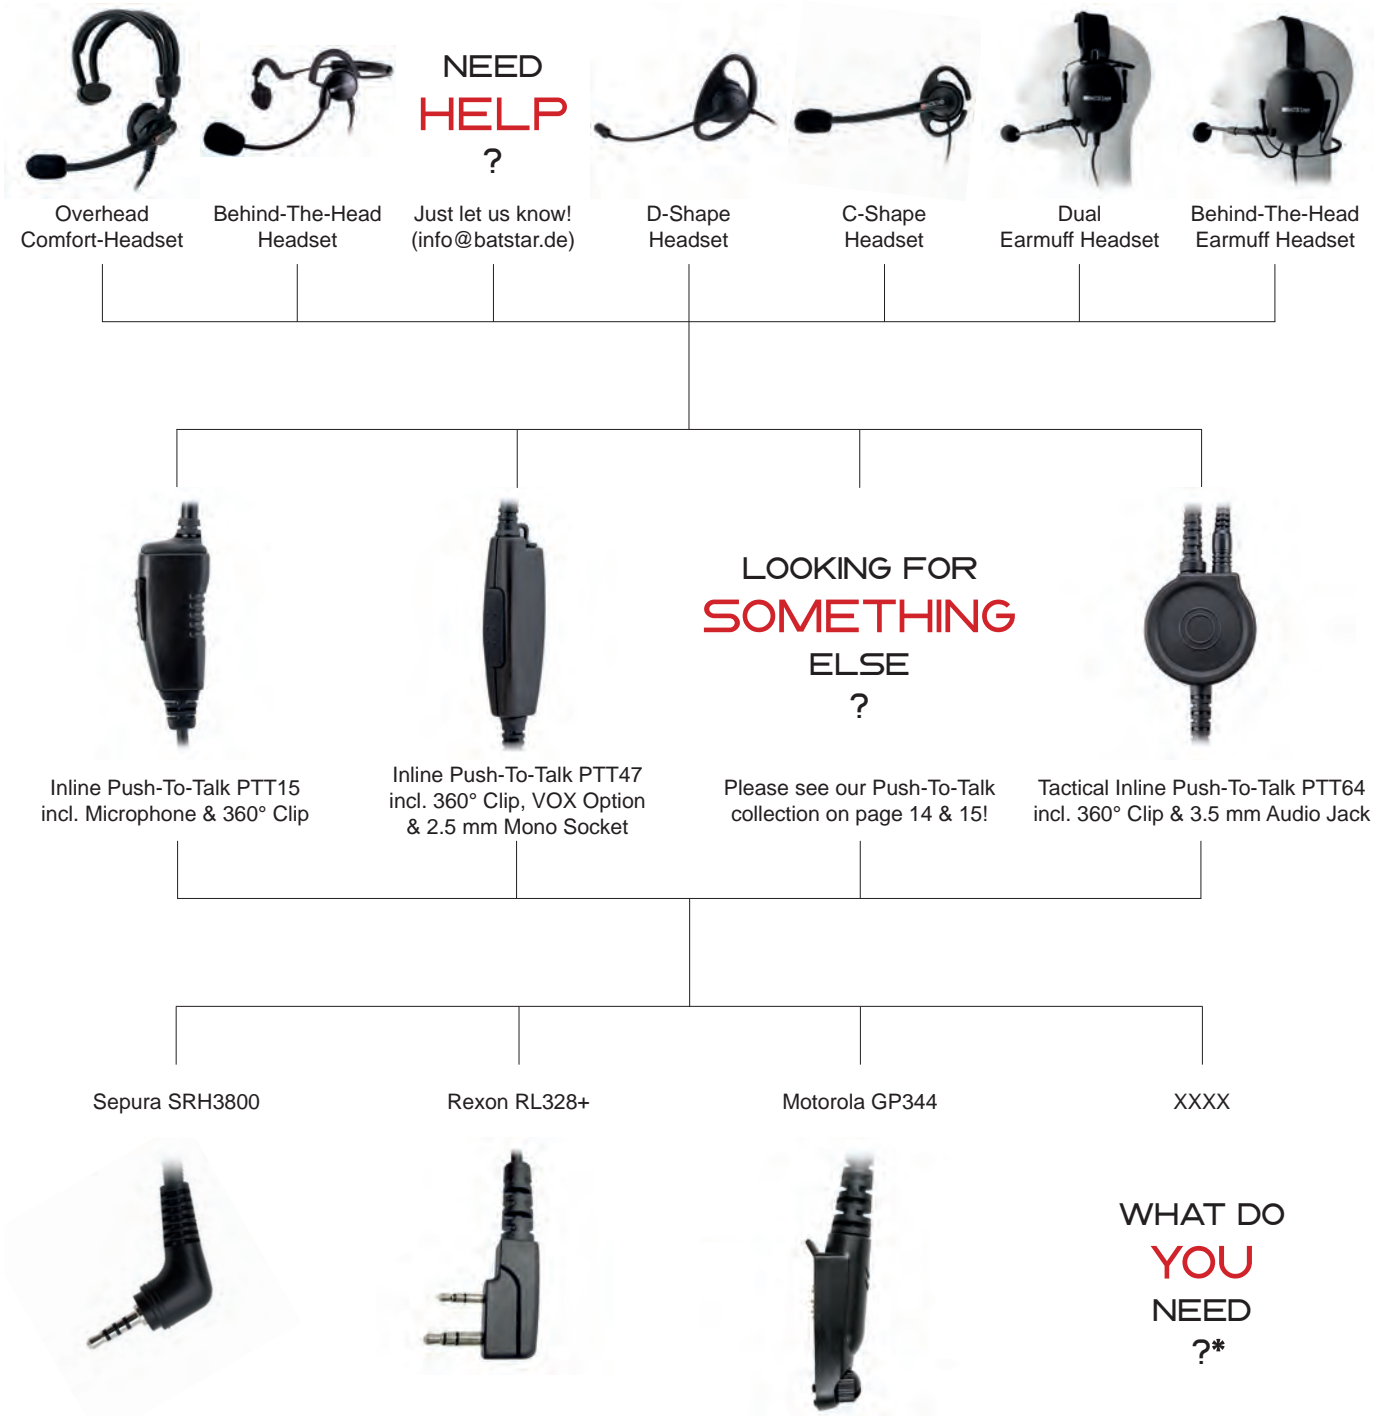

The Dual Earmuff Headset with the 5-pin socket for all Flex Headsets with mini XLR, provides individual flexibility combined with a wide range of adapter cables.

BATSTAR Headset Collection

In order to realize almost everything a customer could be interested in, we made it our business to keep our product portfolio as flexible as possible. Every company with all employees are individual factors, we have to consider. We make it easy for you to choose from a variety of components to create the perfect audio solution to meet your business needs.

5 2200 00 9 0001	Standard Universal Fastening Strap, Type A
5 2200 00 9 0002	Universal Fastening Strap, Type B
5 2200 00 9 0003	Adapter-Set for MSA Auer Gallet Helmet

Dual Throat Microphone

inclusive Earphone Acoustic Tube

- Throat microphone provides highest audio transmission
- The microphone filters noises from the environment
- Adjustable neck ring for a comfortable use over a long time
- Transparent acoustic tube provides discreet communication
- Very hygienic due to the easy changeable acoustic tube

Dual Throat Microphone

inclusive D-Shaped Earphone „Silver“

- Throat microphone provides highest audio transmission
- The microphone filters noises from the environment
- Adjustable neck ring for multiple users
- D-Shaped speaker element for high quality audio output
- Light weight design of earphone for a long term use

Tactical Push-To-Talk PTT61

- Safety class IP55
- 360° clip
- Front PTT button
- Easy replaceable cable

Comfort Speaker Microphone

A 3.5 mm earphone jack offers the possibility to adapt an external earphone when needed.

The waterproof adapter connects speaker microphone and cable and offers a great flexible solution for repairing. All cables are industrial jacketed for a safe use and a maximum lifetime.

The rubber sealed housing and the ergonomic form of the speaker microphone offer a better grip and a safe use in wet environments. Condenser-style microphone element and a powerful speaker provides excellent transmitted audio clarity.

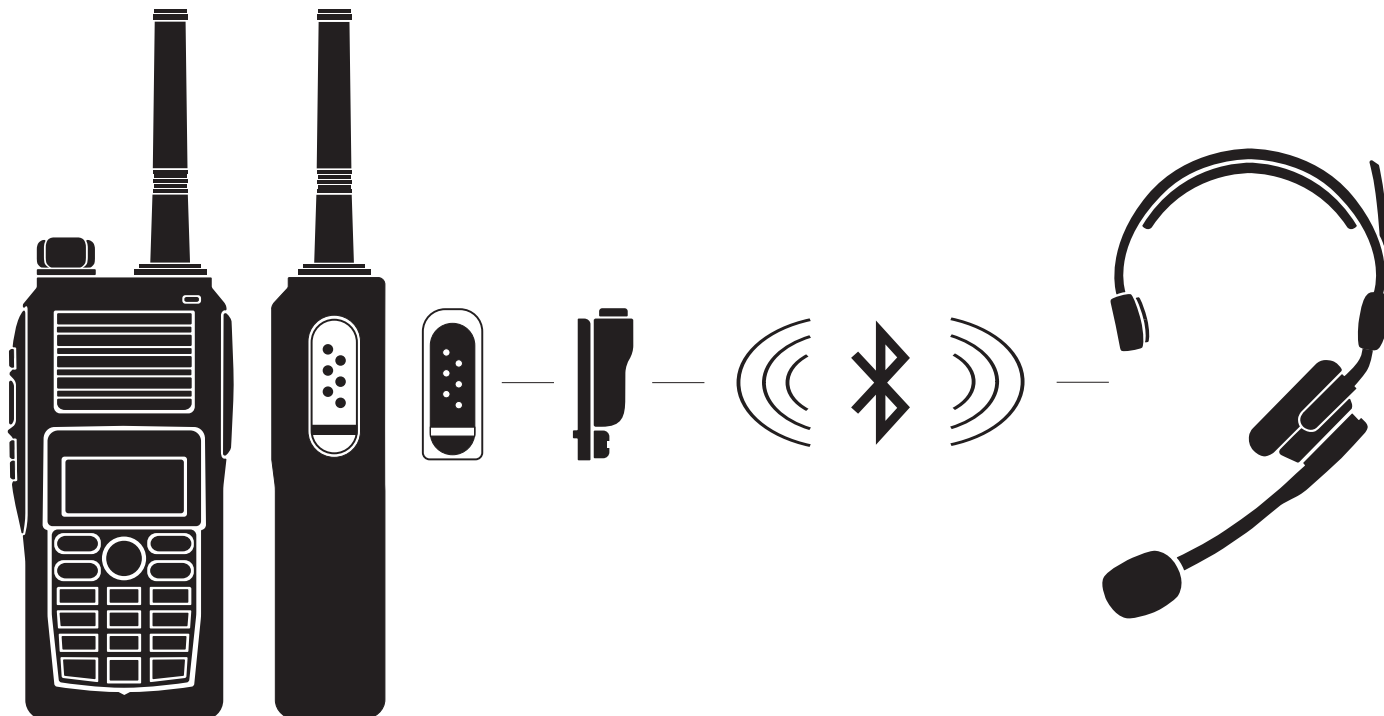

Multi-Function Speaker Microphone (IP68)

Connector for BATSTAR Wireless Earphone Connection Kit

	part number	for device
	0112 ¹	BATSTAR Bluetooth® Connector
		¹ also compatible with Motorola NNTN8191 wireless PTT

Connector for Peltor

	part number	description
	7304	7.3 mm straight Nexus Audio Connector 4-pole
	7305	7.3 mm straight Nexus Audio Connector 5-pole

Connector for Raxon

	part number	for device
	3288	RL-308 / RL-328 / RL-328 Plus / RL-328CQ / RL-328CQ Plus / RL-328K / RL-328S
	3289 ¹	RL-328 Plus (4m) / RL-328 Plus (2m) / RL-328S (4m) / RL-328S (2m) / LIS2010 (FuG10b) / LIS2011 (FuG11b) / LIS2013 (FuG13b)
		¹ not compatible with RL-328CQ

Connector for Samsung

	part number	for device
	4101 ¹	S2 / S3 / S3 Mini / S4 / S5
	4102 ¹	S2 / S3 / S3 Mini / S4 / S5
		¹ also compatible with HTC ONE / Sony Xperia Ion

Connector for Savox

	part number	description
	7204	7.3 mm straight Nexus Audio Connector 4-pole
	7205	7.3 mm straight Nexus Audio Connector 5-pole

Connector for Sepura

	part number	for device
	2802	SRP2000 / SRP3000 / SRH3500 / SRH3800 / SRH3900
	2808	SC2020 / STP8000 Series (STP8100 / STP8200 / STP8038) & STP9000 Series (STP9100 / STP9200 / STP9038)

Connector for Simoco

	part number	for device
	2708	SRP8020 / SRP8030 / SRP9120 / SRP9130
	2709	SRP9000 / SRM9000

Connector for Vertex

	part number	for device

	0406	EVX-S24 / FT-270E / VX-6 / VX-6E / VX-6R / VX-7 / VX-7E / VX-7R / VX-7RB / VX-120 / VX-127 / VX-170 / VX-177

Connector for Topsystem Voxter®

	part number	description
	1051	5-pin Binder-Systemconnector
	1059	5-pin Binder-System Jack
	1091	9-pin ODU Connector

Connector for proLogistik pL-Voice

	part number	description
	1031	5-pin Binder-Systemconnector
	1039	5-pin Binder-System Jack

Connector for BATSTAR Audio Solutions

	part number	description
	1047	Thread Connector 4-pole
	1057	Thread Connector 5-pole
	1061	6-pin HiRose-Systemconnector
	1069	6-pin HiRose-System Jack
	1121	12-pin HiRose-Systemconnector
	1129	12-pin HiRose-System Jack

Connector for Vocollect-Talkman®

part number	for device
5002	Vocollect-Talkman®-Systemconnector (Yellow Slot)
5003	Vocollect-Talkman®-Systemconnector inclusive "Operator ID Recognition" (Yellow Slot)
5008	Vocollect-Talkman® Audio Systemconnector (Red Slot)
5009	Vocollect-Talkman® Data Transfer Systemconnector (Blue Slot)

Connector for BATSTAR Acoustic Tube Solutions¹

part number	description
5301	Dual-Pin Connector
5309	Dual-Pin Jack

¹not compatible with Earphone Acoustic Tube „Silver“ (5 X35X)

XLR Connector

part number	description
6001	Mini XLR Connector
